# Benefits of Activating a Free OneHome Account

**Your OneHome experience begins by first clicking the notification link sent to you by your real estate agent.**

From there, if you'd simply like to view properties, run custom searches, calculate your estimated monthly costs or explore some neighborhood insights then you're all set—there are no additional steps required.

If, however, you'd like to harness the full power of your enhanced OneHome portal, then you'll need to activate your free OneHome account.

By activating an account, users can manage their OneHome configuration, protect any personal information as well as benefit from the many additional features listed below.

With your new OneHome account you can do the following:

- Save custom searches to view at another time

- Apply for the best mortgage rates

- Gather insurance quotes

- Share specific notes about a property listing with your agent

- Schedule an open house tour

- Mark a property as a favorite

- Create a buy-in or selling plan with your agent to stay informed for every part of your journey

- Use the property fit score to find the perfect home

**To activate your account, simply click the, "Activate Account" button in the header, then enter your first name, last name, a password and agree to the terms of service.**
